(1) Commonly used vaccine product abbreviations shown in this list, instead of the actual full technical names and descriptions. In case of any questions and clarification needs, please contact: RFV@paho.org

(2) These are indicative FCA prices for planning purposes and they do not include international logistics, insurance and other operational costs. The actual price and other relevant costs will be clarified in procurement documents like price estimates.

(3) Please note that these represent the same BCG product vials with 1 ml volume. The suggested per dose volume to be administered (either 0.05 ml or 0.1 ml) depends on the age group.

(4) These indicative prices include freight and insurance costs.

(5) Please note that these represent the same Moderna product vial with 2.5 ml volume. The suggested per dose volume to be administered depends on the age group.
